Speeding Ticket Database

Data Dictionary

This is an effective help desk ticket system that is used in a standard IT department to manage issues.

User Table

Contains data about the user

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|---------------|---------|------|------------------|---------------|----------------------------------|----------------------|
| PK | UserID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| - | UserFirstName | VARCHAR | 32 | NOT NULL | UserFirstName | stores the user's first name | Jamie |
| - | UserLastName | VARCHAR | 32 | NOT NULL | | stores the user's last name | Lu |
| - | UserAddress | VARCHAR | 255 | NOT NULL | | stores the user's address | 123 Random Street |
| - | UserPhoneNum | VARCHAR | 32 | NOT NULL | | stores the user's contact number | 19021234567 |

Staff Table

Contains data about the staff

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|----------------|---------|------|------------------|----------------|----------------------------------|----------------------|
| PK | StaffID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| - | StaffFirstName | VARCHAR | 32 | NOT NULL | StaffFirstName | stores the staff's first name | John |
| - | StaffLastName | VARCHAR | 32 | NOT NULL | | stores the staff's last name | Doe |
| - | StaffAddress | VARCHAR | 255 | NOT NULL | | stores the staff's address | 777 Heavenly Road |
| - | StaffPhoneNum | VARCHAR | 32 | NOT NULL | | stores the staff's phone number | 19021234567 |

Ticket Table

Contains data about the tickets generated

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|------------------|----------|------|------------------|----------|----------------------------------------------------------------|----------------------------|
| PK | TicketID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| - | Issue | VARCHAR | 1024 | NOT NULL | | describes why the ticket was generated | Nothing on screen |
| - | Datelssued | DATETIME | - | NOT NULL | | date and time the ticket was issued | 2019-07- 11 04:27:07 |
| - | DateResolved | DATETIME | - | NULL | | date and time the ticket was resolved, null til resolved | 2019-07- 17 04:27:07 |
| FK | UserID | INT | 11 | NULL | | references which user is involved in the ticket | 1234567 |
| FK | StaffID | INT | 11 | NULL | | references which staff is involved in the ticket | 1234567 |
| FK | TicketCategoryID | INT | 11 | NOT NULL | | references which category the ticket belongs to | 1234567 |

TicketCategory

Contains data on the different categories of tickets

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|---------------------|---------|------|------------------|----------|----------------------------------------------------|-----------------------------------------|
| PK | TicketCategoryID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| - | CategoryName | VARCHAR | 32 | NOT NULL | | stores the name of the ticket category | Hardware Issue |
| - | CategoryDescription | VARCHAR | 255 | NOT NULL | | stores information on the ticket category | problem with the physical aspects |

Comment

Contains the thread between the user and the staff member, if any.

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|-----------|------|------|------------------|----------|-------------------------------|---------|
| PK | CommentID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |

| Kēy | CommentDate Name | DATETIME Type | Size | NULL NULL | CURRENT Defiaul e | date and time comment Descriptions made | 2019-07- Sample 04:27:07 |
|-----|---------------------|------------------|------|--------------|-----------------------------|---------------------------------------------------|---------------------------------------------------------|
| - | CommentMade | VARCHAR | 1024 | NOT NULL | | contains the comment/communication made | I would like more information on the issue. |
| FK | UserID | INT | 11 | NULL | | references the user that made the comment | 1234567 |
| FK | StaffID | INT | 11 | NULL | | references the staff that made the comment | 1234567 |
| FK | TicketID | INT | 11 | NOT NULL | | references which ticket the comment belongs to | 1234567 |

Task

Contains what task needs to be done to resolve the ticket

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|-----------------|----------|------|------------------|-----------------|---------------------------------------------------|--------------------------------------|
| PK | TaskID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| - | TaskName | VARCHAR | 32 | NOT NULL | | stores the name of the task | Warranty Repair |
| - | TaskInformation | VARCHAR | 255 | NOT NULL | | describes the task that has to be done | replace monitor and install it |
| - | DateSolved | DATETIME | - | NOT NULL | CURRENT DATE | the date the comment entry is made | 2019-07-11 04:27:07 |
| FK | TicketID | INT | 11 | NOT NULL | | references which ticket the task belongs to | 1234567 |
| FK | StaffID | INT | 11 | NOT NULL | | references which staff is assigned to the task | 1234567 |

Hardware

Contains the information on a specific hardware that can be used to resolve a ticket

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-----|------------|------|------|------------------|----------|----------------------------------|---------|
| PK | HardwareID | INT | 11 | NOT NULL | IDENTITY | A unique sequential number | 1234567 |
| | | | | | | stores the | |

| - Key | HardwareName Name | VARCHAR Type | 32 Size | NOT NULL NULL/NOT NULL | Default | name of the Descitiption | monitor Sample |
|----------|-----------------------------|------------------------|------------|------------------------------|---------|-----------------------------------------------------|--------------------|
| - | HardwareDescription | VARCHAR | 80 | NOT NULL | | a short description of the item | 19in x 34in screen |
| - | PurchaseDate | DATETIME | - | NOT NULL | | stores the date the hardware was purchased | 50.25 |
| | SerialNumber | VARCHAR | 32 | NOT NULL | | stores the hardware's serial number | AK07115477WQD |

HardwareTicket

References the many to many relationship between Ticket and Hardware

| Key | Name | Туре | Size | NULL/NOT NULL | Default | Description | Sample |
|-------|------------|------|------|------------------|---------|-------------------------------|---------|
| PK FK | TicketID | INT | 11 | NOT NULL | | A unique sequential number | 1234567 |
| PK FK | HardwareID | INT | 11 | NOT NULL | | A unique sequential number | 1234567 |
